Denver Public Schools Principal Licensure Program

*"It takes a partnership
to prepare future
principals."*

Why Should You Enroll in this Program?

- ★ You **believe** that students with different backgrounds, needs, and learning styles can be supported and motivated to reach achievement levels more in line with learning potentials by great teachers and strong principals.
- ★ You **demonstrate** your leadership skills through establishing routines, setting high expectations, and creating exciting, challenging, and rewarding learning opportunities for students.
- ★ You **serve as a role model** for others when you collaborate with other teachers and express characteristics of fairness, compassion, and responsibility.
- ★ You want to **expand the impact of your leadership** on the educational environment of students beyond your own classroom.

Distinctive Program Features

- Innovative programming designed for you around actual work tasks facing today's principals:
 - Focusing on core values
 - Constructing a leadership platform
 - Stewarding the vision-mission process
 - Building powerful learning cultures
 - Leading the school improvement process
 - Supervising the instructional and curricular processes of the school
 - Engaging parents and community in school goals
 - Understanding the impact of No Child Left Behind and school budgeting
 - Understanding principles of school law
- Delivered in partnership with the Denver Public Schools.
- Class sessions for the cohort-based program held in the library of Remington Elementary School in Denver just off of I-70 and Pecos Street on Tuesday evenings, 5:00 PM – 8:30 PM.
- Cohort is open to professionals from Denver Public Schools and other school districts across Colorado.
- Instructional teams comprised of experienced district leaders, mentors, and university faculty.
- Balanced presentation of researched-based theories of leadership and real-world contexts in which to test a variety of leadership strategies and construct your personal leadership repertoire.
- Learning supported through an online eCollege course environment, complete with 24/7 technical help available by phone.
- Clinical-practice activities are integrated with course content and take place during the entire four-semester program.
- Learning experiences that are based on state and national standards for preparing school leaders provide you with clinical-practice opportunities during the 16-month program.
- Program results in a provisional principal or administrator license. You can earn an MA or EdS by adding three courses.
