

Why Should You Enroll in this Program?

As a principal you **believe** that students with different backgrounds, needs, and learning styles can be supported and motivated to reach achievement levels more in line with learning potentials by great teachers, strong principals, and enlightened superintendents.

You **demonstrate** leadership by establishing routines, setting high expectations, and creating exciting, challenging, and rewarding learning and working opportunities for students and staff.

You **serve as a role model** when you collaborate with other leaders and teachers and express characteristics of fairness, compassion, and responsibility.

You want to **expand the impact of your leadership** on the educational environment of students beyond your own school building to the entire district.

You **care enough** to make a difference.

Distinctive Program Features

- Innovative online and face-to-face programming designed to prepare **principals** or **central-office administrators** for actual work tasks facing superintendents:
 - School Board & Community Relations
 - Preparing for Contract Negotiations
 - Leading the School Improvement Process
 - Ensuring Quality Learning for All Students
- Delivered in partnership with the Colorado School Districts of the superintendent candidates selected for the program.
- Instructional teams comprised of practicing and retired superintendents, mentors, and university faculty.
- Balanced presentation of researched-based theories of leadership and real-world contexts in which to prepare your personal leadership repertoire.
- Learning activities are supported through an online eCollege course environment, complete with 24/7 technical help available by phone.
- Clinical-practice activities are integrated with course content and take place during the entire four-semester program.
- Learning experiences based on state and national standards for preparing school superintendents.
- Program results in a provisional administrator license.
- Class sessions are held during eight weekends in downtown Denver in the North Classroom Building on the Auraria Campus.
